SCHOOL OPENING

Held Yesterday Shows a Great Number Enrolled for the First Day—Big Increase in High School Department.

The school bells chimed merrily yesterday morning after being studied for ten weeks and the opening of the 1916-17 term of school began very auspiciously. All the teachers report a good enrollment for the first day although it will not compare with the yearly enrollment.

The following is the enrollment by schools:

| | |
|----------------------|-----|
| First District | 107 |
| High School Building | 169 |
| High School | 218 |
| Forest Avenue | 196 |
| Sixth Ward | 68 |
| Colored | 152 |

The increase in the Sixth Ward was good but in all the other schools the attendance was as usual. The greatest increase was in the High School department where 218 were enrolled on the first day as compared with 196 on last year. Superintendent Caplinger was well pleased with the enrollment of the day.

Although the number of children in the city of Maysville is considerably less at present than it was several years ago the schools still hold up, particularly the High School. This can be accounted for in the following manner. The High School is now made so interesting for the pupil with athletics, literary societies, etc., that pupils that would ordinarily drop out now stay because of these things. Then the High School offers a great variety of subjects which a pupil can take and thus fit himself for something better. The High School this year has a great number of out-of-town students, despite the fact that two new consolidated schools have been built in the county. Pupils are coming from Vanceburg, Mt. Carmel, Ohio and all the towns in the county.

The senior class as enrolled yesterday numbered 50, the largest ever in the history of the schools. Several may drop but at least 45 will graduate.

The outlook for this term is ex-

ceedingly rosy and from the way things have started this will be the most prosperous year the schools have ever had.

WILL FINISH THIS WEEK

The contractors, Schoolfield and Jones, will probably finish their contract this week. They finished brick-Plum street yesterday and have only a small part of East Third street left. Since they received the brick for their contract their work has progressed nicely. If they had been able to get the brick when they started concreting their names would only be a memory in the minds of the Maysville people.

GRANTING OF ROLL OF HONOR CERTIFICATES

I am receiving early fall Millinery every day. Public invited. MRS. S. ARN, Third and Limestone streets.

BIG MERGER

Of the First National and Standard Bank of This City—Name to Be The First-Standard Bank—Change Will Be Made Soon.

The business of the First National and Standard Banks, of this city, will be merged into one concern, and as soon as the necessary legal steps can be perfected, Maysville will have the largest and most modern and up to date financial institution in North-eastern Kentucky. About thirty days will be necessary to complete and perfect the new organization. In the meantime, each of said Banks will continue their business as heretofore. A new corporation will be formed, under the laws of the State of Kentucky.

It will be a combined Bank and Trust Company, with a capital stock of \$175,000.00. Name, First-Standard Bank and Trust Company of Maysville, Ky.

The business will be conducted in the building now occupied by the First National Bank, The Standard moving thereto. Some changes will be made in the new banking room, including a new front and entrance to the Bank.

Twelve thousand dollars worth of the stock of the new Bank and Trust Company will be sold to the public at \$20 per share and same has already been over subscribed at that price, which shows the degree of confidence and popularity with which the new venture is meeting.

The combined assets of the concern will be about \$1,500,000.00, its deposits will be over \$1,000,000.00 and it is the confident prediction of its officers that within a short time Maysville will be enjoying, in this new concern, a two million dollar Bank and Trust Company.

It will do a general banking and trust business, which means that it will be able to extend to its patrons every facility and accommodation that is or can be given by any financial institution. The large amount of its capital and surplus will enable it to make larger loans and take care of and handle bigger financial projects than any financial institution of this city or section of the state has ever been able to do. It will put Maysville on the financial map.

It will pay 3 per cent interest upon savings accounts, and have a vacation, Christmas and similar club department. It will give special attention to commercial accounts, lend money on personal notes and collaterals and make a specialty of farm and real estate loans. It will act as Executor, Administrator, Guardian, Curator, Assignee, Committee, Agent and in every capacity in which a Trust Company can serve the public. It will, in fact, be so organized and equipped that an account may be opened in it for a new born babe, kept at interest until he or she reaches the age of responsibility, converted into a business account, carried as such during the life of the individual and at his or her death empowered to administer upon his or her estate if they so desire. In other words, it will be an entirely complete financial institution, right up to the minute.

The officers will be Hon. J. N. Kehoe, President; Thos. A. Keith, S. P. Browning, L. G. Maltby, Vice Presidents; J. B. Durrett, Cashier; James E. Threlkeld, Assistant Cashier. The Directory will be composed of fifteen members and embrace the well known gentlemen of the present Directorates of the Standard and First National Banks.

This leaves Maysville with only one National Bank, the State National, and gives it three strong State Banks—the Farmers & Traders, the Bank of Maysville and the First-Standard with these four powerful financial institutions this city will be able to hold its high standing in the financial world that it has heretofore enjoyed.

The gentlemen who will be in charge of the bank are well-known to every resident in Maysville and Mason county and are liked because of their old-fashioned Kentucky courtesy and manners and for their willingness to lend a helping hand when called upon. These men have been in the banking business for many years and thoroughly understand every phase of financing.

BEAUTIFUL DANCE

Mr. and Mrs. Pierce Browning entertained with a large dance at Beechwood Park last evening in honor of their son, Mr. John Browning, a cadet in the naval school at Annapolis, Md. A large number were present and dance was indulged in until the wee, small hours. A delicious luncheon was served.

REPAINTING DEPOT

A force of painters are engaged in giving the waiting rooms of the Louisville and Nashville Railroad a new coat of paint. The appearance of the rooms is now very attractive.

LOCAL MAN ON COMMITTEE

Hon. A. D. Cole of this city was appointed one of a committee of three on yesterday to wait on Justice Charles H. Hughes at Lexington and convey to him the felicitations of the Progressive organization of 1912 and assure him of their unstinted support. The nominee of the Republican party received the committee in private audience before the public reception and expressed himself as much pleased with the situation in Kentucky.

GRAY-WILHOYT

Popular Couple Married at the Home of the Bride's Parents in Aberdeen Yesterday Afternoon—Will Make Home in Louisville, Ky.

The marriage of Rev. Hugh B. Wilhoite, former pastor of the First Baptist Church of this city, and Miss Minnie Gray, former teacher in the Maysville Public Schools, was solemnized at the home of the bride's parents in Aberdeen yesterday afternoon. A large number of friends of both the bride and groom were present.

The wedding march, preceded by a beautiful solo by Mrs. H. C. Barnes, "Oh, Promise Me," was played by Miss Stella Archdeacon. The bride and groom were attended by Miss Lela Gray, sister of the bride and Mr. Snyder of Louisville, brother-in-law of the groom. The ceremonies were conducted by Rev. N. F. Jones of Dayton, Ky. The ring service was used, being very beautiful and impressive.

The bride wore a beautiful gown of white tulle and lace with a white hat and made a beautiful picture. The bridesmaid was dressed in a gown of blue tulle and chiffon. The house was decorated with calla lilies and ferns and presented a striking appearance. Misses Hazel Shelton and Kate Gray presided at the punch bowl. Following the ceremony a light luncheon was served. The couple were the recipients of many beautiful and costly presents from their many friends and well wishers.

Following the ceremony the happy pair came to this city and left on No. 3 for their home in Louisville. They will make several short trips in their auto this fall to various points of interest but no long honeymoon trip will be taken.

Their many friends join with the Ledger in wishing them a long and prosperous married life.

LIMESTONE BUILDING ASSOCIATION

The fifty-fifth series of the reliable Limestone Building Association is now open. Persons desiring to purchase a home or to save money that will bring them a handsome profit should see H. C. THE COUNTRY DEMANDS REDEMPTION OF THE DEMOCRATIC PLEDGE, "A TARIFF FOR REVENUE"

Saturday's bitter debate between Senators Underwood and Stone over the proposition of the Senator from Alabama to levy an income tax upon all incomes over \$2,000 per annum would not have taken place if the Democratic Congress had not adhered to the venerable Democratic doctrine, "a tariff for revenue."

This Congress has had nearly two years to meet the calls for greater revenues through the tariff, and it has failed to respond to the call of the country for the higher duties.

Direct taxes, stamp taxes, war taxes—all these makeshifts to avoid keeping a party pledge of 40 years' standing—are but proofs of failure to provide sufficient revenues through the tariff.

They are the evidence of the insufficiency of the Underwood law to provide the revenues which the country requires, and in the face of the arguments of Secretary Redfield and of scores of other Democratic leaders and the warnings of scores of thousands of business men in the United States as to the dumping of foreign products upon the markets of this country at the close of the war the open doors of that law are a positive menace of real danger to every material interest of the people of the United States.

The Enquirer stands for the interests of the vast majority of the people of this republic, and, while it regards the Democratic party as the agency through which those interests can be best served, it has for all the time of its existence as a newspaper, and especially during the lifetime of this administration, argued the keeping of the pledges and promises of the party made to the electors who placed it in power.

All the trouble the Administration has upon its hands today can be directly placed to omissions to keep party pledges and repudiation of party pledges, and not one is bringing greater opposition to its continuance in power than its failure to provide the revenues through the tariff and its insistence in making up the deficiencies in the revenues through abnoxious and offensive forms of direct taxation.

The repudiation of the Panama tolls pledge shocked public confidence profoundly.

The failure to observe the pledge to protect American citizens and their constitutional rights throughout the world, as the platform declaration read, has weakened the Administration and injured the party to a marked degree.

But both combined have not had the ill effect upon the popular mind and caused such distrust among the voters as this neglect to close the doors to the products of cheap foreign labor—this failure to provide a tariff for ample revenue.

This Congress should keep in continuous session until the 4th of next March, if necessary, to place the tariff in its proper position as a revenue producer and at the same time as a protection to business in every form from "dumping" of the products of cheap foreign labor on the markets of the United States.—Cincinnati Enquirer.

"CLAIM EVERYTHING," MOTTO OF WILSON ADMINISTRATION

The Republican Publicity Association, through its President, Hon. Jonathan Borne, Jr., today gave out the following statement at its Washington Headquarters:

"'Claim everything,' seems to be the motto of the Wilson administration. In a speech some time ago, President Wilson asserted with the utmost positiveness that the Federal Reserve Act 'saved the country from a ruinous panic when the stress of war came on.' The facts are that war was declared August 1, 1914, and the imminence of the conflict was known to the world only three or four days earlier. On July 31, when extreme excitement existed in American financial circles, Secretary of the Treasury McAdoo issued a statement in which he called attention to the fact that the Aldrich-Vreeland Act was still in force and that under its provisions there was then in the Treasury half a billion dollars which the banks could get upon application. In the next three months he issued more than \$369,000,000 of emergency currency. In December, 1914, in his annual report, Secretary McAdoo expressly stated that at the time of the outbreak of the war, the Federal Reserve Act had not taken effect, and, in fact, the Federal Reserve banks did not open for business until the middle of October, 1914.

"All these facts are within the knowledge of President Wilson, yet he makes the plain and unequivocal assertion that the Federal Reserve Act saved us from a panic when the war broke out. He is unwilling to give due credit to an act passed by a Republican administration. He is willing, for the sake of partisan advantage, to misrepresent the facts as shown by the records and as known to the business and banking world. He may win the votes of a few of the credulous, but he will forfeit the respect and confidence of the substantial men and women of the country who believe that the ordinary rules of honesty should be observed by men whose official position makes them an example for the youth of the world to follow."

TOO EASY WITH PROMISES

Of course President Wilson has a perfect right to change his mind as often as he pleases, but that is quite different from repudiating distinct promises made to get votes. If the pledges on which he rode into the White House have proved worthless because he changed his mind, what faith is to be put in the pledges he is now making in his appeal for re-election—Omaha Bee.

Matthew Hale charges that Hughes needs the aid of Penrose and Perkins. And he will get it. Wilson, on the other hand, needs the aid of Charlie Murphy much more than Hughes needs the aid of any man—and he will not get it.

BUT THIS IS HOW HE DID IT

NEW YORK LETTER

(From Our Regular Correspondent)

That Tariff Commission—The insincerity of the Democrats in creating a tariff commission has already been pointed out in this correspondence, but from a wholly unexpected source comes criticism of their course. The New York World, the official organ of the Wilson administration, criticizes the Democrats for reducing from \$10,000 to \$7,500 a year the salaries of the proposed commissioners as indicative of a lack of sincerity and confidence in the usefulness of the proposed commission, and intimates that if cheap men are to be chosen for the commission its findings and recommendations will command even less respect from members of Congress than they otherwise would. "But it is not through low salaries that a commission qualified to serve Congress as it should be served will be secured," concludes the World.

"Thanks God For Wilson"—"Thank God for Wilson; he has kept us out of war," reads the Democratic text book, reiterating the Democratic falsehood. Later on the same text book, proves the falsity of its slogan, for it refers to the Mexicans "who insolently invaded our soil, made war upon and murdered our people, thereon, and rendered it necessary for our armed forces 'temporarily to occupy a portion of the territory of that friendly state.'" "We have kept the peace," declares Secretary Baker, campaigning in Maine. But Secretary Baker, performing his official duties in Washington, has approved the finding of the Judge Advocate General that "the condition surrounding this (the Pershing) expedition are those of actual war" and declaring that, "The mere formality of a declaration of war could add nothing to the seriousness of these conditions, and the absence of such declaration in no sense alters the fact of the existence of a state of war." Which is to be believed, Secretary Baker the politician, or Secretary Baker the head of the War Department, adjusting the case of a deserter?

Mr. Roosevelt in Maine—Colonel Roosevelt's first speech for Mr. Hughes, delivered at Lewiston, Me., completely demolished the Wilson slogan on which the Democrats place their chief reliance. "He has kept us out of war." With that charity and picturesqueness of expression which are peculiarly his own, Mr. Roosevelt proved to a delighted audience that the slogan contains a falsehood; that Mr. Wilson has not kept us out of war, that he has engaged in a number of petty wars, and that a greater number of Americans have been killed by Mexicans than were killed by Spaniards during the entire Spanish War, and, as Mr. Roosevelt adds, "When the war with Spain was through it was through, but Peace continues to rage as furiously as ever in Mexico." Says Mr. Roosevelt, further, Mr. McKinley's war with Spain cost less bloodshed than Mr. Wilson's peace, "and it reflected high honor on the American people; whereas Mr. Wilson's peace has been one of shame and dishonor for the American people and bloodshed for the Mexicans themselves." Comparing Manila and Vera Cruz, Mr. Roosevelt says, "Mr. Wilson became frightened and abandoned Vera Cruz, whereas Mr. McKinley did not abandon Manila. Mr. Wilson's operations were war just as were Mr. McKinley's but Mr. Wilson was beaten in his war." It was a war, he says, "which was entered into pitilessly and abandoned

POPULAR HUGHES CAMPAIGN FUND

The plan adopted by Cornelius N. Bliss, Jr., treasurer of the Republican National Committee, to raise money for the campaign and increase the force of active workers for the election of Charles Evans Hughes to the presidency has peculiar merit. Mr. Bliss asks every one who favors the election of Mr. Hughes and wishes him to have the support of a Republican Senate and House to contribute \$10 and become a sustaining member of the Republican party. All such will receive a certificate of membership. That the money will prove a good investment is patent. It will help to secure for the country a more efficient administration of our national affairs, which is necessary if the prosperity and influence of the nation is to continue.

"There are at least 8,000,000 Republicans, but how many of them have any evidence they are, beyond the consciousness that they have voted or will vote the Republican ticket? The work is done by a few and the money ordinarily is provided by fewer. Mr. Bliss' plan offers a cure for that condition. Help the cause and get a certificate of membership that will establish your party affiliation. It is not expected that all the 8,000,000 Republicans will give \$10 each, but if a goodly number who can afford it do so there will be a great many more able to give much more than \$10 next time because Republican success will mean to the country in fullest measure preparedness, protection and permanent prosperity.

PUBLIC SALE OF MASON COUNTY FARM

As Executor of Phoebe Marshall, deceased, I will, on SATURDAY, SEPTEMBER 2, 1916, at 2 p. m., on the premises sell at public auction, the farm owned by her on which she resided at her death, containing about 176 acres, lying just north of the town of Washington, and within 200 yards of Maysville and Lexington Turnpike road, which runs through said town, and within half a mile of the new Washington High School building. Said farm is located in the best part of Mason County, and is in a fine state of cultivation. It is well watered, has on it a one and one-half story brick dwelling house, containing six rooms and kitchen, one tenant house, stable, carriage house, silo, and two large tobacco barns, one of which is also a stock barn. It adjoins lands of George Longnecker, Larkin Brothers, A. L. Gluscock, Clarence Tucker, Mrs. Mattie McCann and Mrs. Pearl Marshall. Full possession of the farm will be given to the purchaser on March 1, 1917, but possession of the dwelling house, with privilege of seeding during the coming fall, will be given at once on completion of the sale.

The farm will be sold on a credit of six and twelve months, the purchaser to execute notes with good personal security, bearing six per cent. interest from the day of sale, each for one-half the purchase money, with privilege, however, of paying the whole purchase price in cash at any time before same falls due, with interest up to the date of payment.
This sale is made pursuant to the directions contained in the will of Phoebe Marshall, deceased.
E. L. WORTHINGTON, Executor of Phoebe Marshall, Deceased.

TWELVE BANDITS HANGED

Laredo, Texas, Sept. 4—Twelve bandits were captured and hanged to telegraph poles and their bodies riddled with bullets and several other outlaws lost their lives when they attempted to hold up a passenger train on the Mexican Central lines at Gonzales Junction, just south of San Luis Potosi, last Saturday, according to word reaching the border here today. The train had on board, it is said, a number of de facto troops, who drove off the attacking bandits after the twelve men had been captured.

TELL HOW WOMEN VOTERS WILL CONTROL POLITICS

Congressional Union Leaders Explain the Movement in Opposition to President Wilson.

Just how the decision of the woman's party to oppose President Wilson for re-election is expected to change the national political situation was explained in a statement by suffrage leaders at the headquarters of the Congressional Union for Woman's Suffrage at Washington.

It was pointed out that unless he wins the West the defeat of Mr. Wilson "seems inevitable."

Needed to Offset Loss of Ohio. To counteract the loss of Ohio alone, which, judging from indications at the primaries, will go with its twenty-four electoral votes to the Republican count, the Democrats will have to win in the West, California, with its thirteen electoral votes; Nevada, with three; Colorado, with six, and Arizona, with three, woman's party representatives here asserted.

"In Idaho the Progressive party is dissolved," they continue, "so that the Democrats will have to work hard to get any electoral votes there. Illinois is practically conceded to the Republicans, in the view of woman's party members, three-fourths or more of the Progressives there having returned to the Republican ranks."

Conditions in Other States. "In Kansas the Progressives and Republicans are practically one again. In Montana there is great dissatisfaction over the proposed Democratic tax on copper. Oregon and Washington are expected to go Republican. These two states were hit hard by the Panama Canal tolls act and the Democratic tariff is seriously felt by the lumber industry there. Utah is considered safe by the Republicans. In Wyoming the Progressives and Republicans have joined hands."

FLEMING COUNTY TEACHERS' INSTITUTE

Flemingsburg, Ky., September 3—The Teachers' Institute convened at this place on Monday, August 28, and closed Friday noon, September 1, after an interesting session. Superintendent Hull who has been confined to his room for some time with a kidney bladder trouble was able to be out and opened the same by appointing Prof. DeLong of the Flemingsburg graded high school, chairman, with Mrs. Lolene Hawkins, Secretary. Devotional opening exercises were conducted by Rev. Spaight, retired minister of the M. E. Church of this place. After singing "America" and "We're Marching On" the Institute elected the following officers: The Program Committee was made up of Prof. M. A. T. P. Hurrell, C. O. Hurrell, and

Mrs. L. P. Williams; Committee on Music consisted of Mrs. Henderson, Mrs. Arnold and Miss Susan Rhodes, all experienced teachers in the High School at this place and excellent musicians.

Prof. Charles A. Keith of the Richmond Normal School was chosen instructor by Superintendent Hull, and proved himself to be a wideawake enthusiastic up-to-date instructor from the first and Superintendent Hull is to be complimented on his choice of instructors. Eighty teachers were enrolled the first day and by Tuesday afternoon the enrollment had reached 103. All the teachers were very prompt in attendance and quick to answer to any task assigned them in almost every case.

The ministers of the different churches of this city together with a large number of the citizens attended some and seemed much interested in the work being done. Several of the young folks of the city rendered several nice pieces of music which were very much appreciated by all present.

On Wednesday we had with us besides several distinguished visitors, Prof. Dickey, President of the Bowling Green Business College, who gave us an interesting lecture on the work of that institution which was well received. Prof. Keith delivered several of his masterly lectures of which he seemed to be well supplied, among which was one on the European War which was sure a gem within itself.

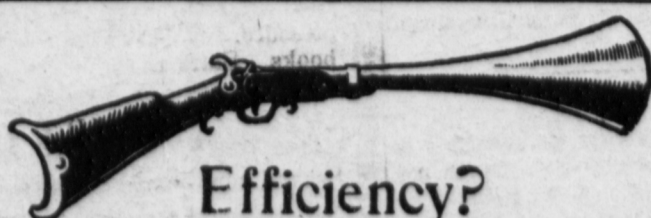

On Thursday afternoon Miss Jessie Yancey, Superintendent of Mason County Schools, was present and delivered one of her famous and interesting lectures on tuberculosis that was well received by all present.

Friday's work consisted of several nice and appropriate recitations, speeches, solos and music besides a fine lecture delivered to the teachers by Prof. Keith in regard to their future work in the school room, which seemed to fire each teacher in the Institute with a new zeal and determination to do more and better work in the school room in the future than in the past. From every standpoint of view, the Institute that has just closed seems to be the best one held in the old town for a long time. The Resolution Committee that was chosen consisting of E. S. Harrison, Clarence Warren, Miss Eliza Marshall, Miss Emma Davis, and Miss Charlotte Stewart and among the resolutions that were adopted, one eulogized the work of the whole Institute and requested Superintendent Hull to secure Prof. Keith as instructor for the next Institute, all of which was unanimously adopted. After all the well wishes and good-byes were said between Superintendent Hull and teachers, the Institute closed at noon Friday, all going away feeling that it was good for them that they attended.

INQUIRY IS PROPOSED

Washington, September 4—Senator Reed, of Missouri, today introduced a resolution to authorize the Interstate Commerce Commission to investigate the effect of the eight-hour day law on the cost of operation of railroads and to report to Congress in December. The resolution will be called up for consideration tomorrow.

An essential element in the preparedness ideas of the militia organizations, is an ample supply of cigars for the officers' quarters.

Efficiency?

The old-fashioned blunderbuss lacked concentrated energy. How like many foods of low nutritive value which fail to give driving force to body and brain.

Grape-Nuts

is concentrated food-strength in easily digestible and delicious form. For building health and efficiency, every table should have its daily ration of Grape-Nuts.

STETSON HAT EXHIBITION EXTRAORDINARY

Interesting and Educational, Showing Different Stages in Hat-Making—One of the greatest Hat Displays Ever Made

If you have never been through a hat factory you have no idea how interesting, how much there is to the making of a hat.

This wonderful exhibit presents the fourteen operations in the making of a Soft Hat—and the sixteen operations on a Stiff Hat. It shows how the elegant imported furs look before and after they are treated, and how the cut fur is made into felt—how a hat looks before it is shrunken, and afterwards—how it is blocked and shaped—the whole process from "A to Z."

STOCKHOLDERS

Of the Farmers and Planters Warehouse Meet Yesterday in the Office in the Office of the Company and Elected Directors and Officers for the Ensuing Year.

The stockholders of the Farmers and Planters Warehouse Company met yesterday in the office of the company here and elected officers and directors for the ensuing year.

The following directors were elected: J. C. Bright, A. L. Power, D. A. Keller, Laban Phelps and J. C. Stone, of Louisville; D. S. Deming of Mt. Olivet; J. E. Anderson of Dover; W. L. Gault of the county and A. M. January of this city.

The officers elected were: President—Laban Phelps. Vice President—J. C. Stone. General Manager—A. L. Power. Secretary—Treasurer—A. M. January.

The company considers itself exceedingly fortunate in securing the services of Mr. Arthur L. Power as sales manager. Mr. Power, who is recognized as one of the best tobacco men in the state, has been connected for a great many years with the Farmers-Central Warehouse of Louisville, Ky., in the capacity of manager, and great pressure was made in order to bring him here. Mr. Power was with the Farmers-Planters Warehouse Company during the season of 1914-15 and his reputation as sales manager is still fresh in the minds of those who sold their tobacco under his direction. His knowledge of tobacco and fair dealing have already won him the esteem of the growers in this section and his connection with this company should prove to be quite a drawing card for the concern.

The stockholders were quite optimistic over the outlook for this year and they expect to have a great season. This company is the oldest in Maysville, organized to run a loose leaf warehouse and they have always been a great friend to the farmers. They are expecting the patronage of the farmers in the vicinity and they will give them a square deal every time.

FRIENDSHIP DINNER POSTPONED

The friendship dinner that was to have been held tonight has been postponed indefinitely on account of the fact that several prominent people will be unable to attend tonight. The date of the dinner will be announced later.

The trip of several of the local men to attend the meeting of the Cincinnati Advertisers Club has been postponed until next Sunday. The meeting was to have been held today.

FREE PICTURE
